Full Name of Apprentice		Full Name of Technical Expert	
-------------------------	--	-------------------------------	--

To achieve a PASS score the apprentice must achieve ALL of the following:	No distinction criteria or score are allocated to this section
---	--

6	<input type="checkbox"/>	N/A
---	--------------------------	-----

Evidence relating to the UET Standard

- | |
|--|
| K1 Relevant industry health and safety standards and regulations, and environmental and regulatory requirements
S2 Follow and comply with industry health and safety and environmental working practices and regulations
S10 Adhere to safe working practices and procedures and carry out risk assessments |
|--|

To achieve a pass the apprentice must have evidence of: <ul style="list-style-type: none"> • Knowledge of where to access and how to apply industry Health, Safety & Environmental standards and regulations in relation to company practices and quality procedures. • Conform to risk assessment process in relation to company practices and procedures. • Knowledge of and compliance with company standards and procedures as applicable e.g. COSHH, PPE, confined spaces, working at height, isolation of plant and equipment etc • Compliance with environmental regulations and standards e.g. correct disposal of wastes. 	<input type="checkbox"/> <input type="checkbox"/>	<ul style="list-style-type: none"> • N/A
--	--	---

UET Mechanical Technician Portfolio and Grading Guidance

To achieve a PASS score the apprentice must achieve ALL of the following:		To achieve a DISTINCTION score the apprentice must achieve ALL of the following:	
6	<input type="checkbox"/>	3	<input type="checkbox"/>
Evidence relating to the UET Standard			
<p>K2 Maintenance practices, processes and procedures covering a range of waste and water systems, plant and equipment</p> <p>K5 Planned, reactive, and predictive maintenance processes, practices and procedures</p> <p>S4 Carry out maintenance activities on a range of waste and water systems, plant and equipment</p> <p>S6 Carry out and follow planned, reactive, and predictive plant and equipment maintenance procedures</p>			
<p>To achieve a pass the apprentice must have evidence of:</p> <ul style="list-style-type: none"> • Knowledge of where to access company information on maintenance practices, processes and procedures. • Applying company maintenance practices, policies and procedures when carrying out tasks. • Completion of maintenance tasks in a timely manner across the whole range of work processes, systems and equipment. • Understanding of relevant parameters of equipment and how the equipment works. • Record & report outcomes of maintenance activities 	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<p>To achieve distinction the apprentice must achieve the pass criteria and ALL of the following:</p> <ul style="list-style-type: none"> • Able to reflect critically of performance achieved and lessons learnt. • Detailed explanation of the underpinning theories of how the equipment works • Able to prioritise work to ensure that downtime is minimised and give explanations of the rationale for their choice(s). This could be achieved by applying 2 of the following: - <ul style="list-style-type: none"> ○ Solving problems <input type="checkbox"/> ○ Making suggestions <input type="checkbox"/> ○ Dealing with conflict <input type="checkbox"/> 	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>

UET Mechanical Technician Portfolio and Grading Guidance

To achieve a PASS score the apprentice must achieve ALL of the following:		To achieve a DISTINCTION score the apprentice must achieve ALL of the following:	
6	<input type="checkbox"/>	3	<input type="checkbox"/>
Evidence relating to the UET Standard			
K4 Principles and processes that underpin the location, diagnosis and rectification of faults			
S3 Locate, diagnose and rectify faults on plant and equipment			
To achieve a pass the apprentice must have evidence of: <ul style="list-style-type: none"> • Knowledge of fault finding techniques. • Locating, identifying and rectifying faults. • Consulting and working with others to investigate, identify and resolve cause of the problem. • Understanding of relevant operating parameters of any equipment and how the equipment works. 	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	To achieve distinction the apprentice must achieve the pass criteria plus ALL of the following: <ul style="list-style-type: none"> • Demonstration of independent use of root cause analysis to fault find and rectify diagnosed faults. • Proposing solutions to prevent the reoccurrence of the problem. 	<input type="checkbox"/> <input type="checkbox"/>

UET Mechanical Technician Portfolio and Grading Guidance

To achieve a PASS score the apprentice must achieve ALL of the following:		To achieve a DISTINCTION score the apprentice must achieve ALL of the following:	
4	<input type="checkbox"/>	2	<input type="checkbox"/>
Evidence relating to the UET Standard			
S5 Use workshop machinery and equipment to create, repair and modify component and apparatus			
<p>To achieve a pass the apprentice must have evidence of:</p> <ul style="list-style-type: none"> • Using workshop machinery to create, repair and modify components. This could include: <ul style="list-style-type: none"> • Drills <input type="checkbox"/> • Grinders <input type="checkbox"/> • Bearing heaters and/or pullers <input type="checkbox"/> • Hydraulic press <input type="checkbox"/> • Test bench <input type="checkbox"/> • Other <input type="checkbox"/> • Understanding of relevant parameters of equipment and how the equipment works. <input type="checkbox"/> 	<input type="checkbox"/>	<p>To achieve distinction the apprentice must achieve the pass criteria plus the following:</p> <ul style="list-style-type: none"> • Provide evidence of a piece of equipment that you have created, repaired and modified and returned to operational condition. This could include but is not limited to: <ul style="list-style-type: none"> • Bearing replacement <input type="checkbox"/> • Shaft/key repairs <input type="checkbox"/> • Support brackets <input type="checkbox"/> • Other <input type="checkbox"/> 	<input type="checkbox"/>

UET Mechanical Technician Portfolio and Grading Guidance

To achieve a PASS score the apprentice must achieve ALL of the following:		To achieve a DISTINCTION score the apprentice must achieve the following:	
6	<input type="checkbox"/>	3	<input type="checkbox"/>
Evidence relating to the UET Standard			
S11 Carry out safe isolation of equipment, using permit and lock-off systems as required			
<p>To achieve a pass the apprentice must have evidence of:</p> <ul style="list-style-type: none"> Identifying hazards and risks and apply control measures. Safely isolate equipment from all sources of energy. Test to confirm equipment has been isolated. Follow company isolation procedures. 	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<p>To achieve distinction the apprentice must achieve the pass criteria plus the following:</p> <ul style="list-style-type: none"> Take a leading role in the application of isolations. 	<input type="checkbox"/>

UET Mechanical Technician Portfolio and Grading Guidance

To achieve a PASS score the apprentice must achieve ALL of the following:		No distinction criteria or score are allocated to this section
3	<input type="checkbox"/>	N/A
Evidence relating to the UET Standard		
S12 Drive vehicles equipped with tools and materials to job sites		
<p>To achieve a pass the apprentice must have evidence of:</p> <ul style="list-style-type: none"> • Full driving licence or demonstrate progress to working towards achieving a full driving licence. • Complying with company driving procedures. • Carry out vehicle checks. • Safely load vehicles. 	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<ul style="list-style-type: none"> • N/A
