Purpose

This policy sets out our framework for dealing with appeals to ensure that we apply our policies, processes and procedures in a fair and consistent way for our customers.

Scope

This policy applies to the delivery of End-point assessments (EPA) by EUIAS.

Appeals

We will accept the following types of appeals:

- The results of assessments or the outcome of an enquiry about results.
- Decisions following an application for reasonable adjustments or special considerations.
- Decisions and actions taken following an investigation into malpractice or maladministration.

Our appeals policy does not cover the following:

- A review of assessment decisions.
- A change to a decision or sanction imposed.

You must submit an appeal application within 20 working days of receiving your original decision. EUIAS will acknowledge receipt of all appeals within two working days.

A Training Provider or an Employer can submit an appeal on behalf of an individual learner or a group of learners, with the learners written permission to do so. Alternatively, a learner may make an appeal. The Learner Permission Form must be submitted with the Appeal Form.

The Appeal Form must include the basis of your appeal and any supporting evidence.

To submit an Appeal, complete the form below and send it to enquiries@euias.co.uk

Independent Appeals Committee

An appeal will be conducted by a panel consisting of a EUIAS member of staff, a technical expert and an independent person who will be appointed by EUIAS. The independent person will not be a current EUIAS or Energy & Utility Skills employee or external contractor.

The panel members will have the appropriate competence, will not have been involved in the original decisions or processes, or at an enquiry stage (if applicable), and will not have a personal interest in the appeal outcome.

Appeals hearing

We aim to hear an appeal within 20 working days of acknowledgement of an appeal. If this is not possible, for example due to the availability of the independent person, then we will let you know the timescales and reason(s) why.

The Panel will consider whether EUIAS has consistently and fairly applied their relevant policies, processes and procedures in light of the evidence presented, any readily available regulator's advice on similar matters (if applicable) and any readily available EPA precedents (if applicable).

Appeal outcomes

An Appeal Outcome Report will be sent by e-mail to you within 5 working days of the decision being made and detail the outcome, either 'appeal upheld' or 'appeal rejected'.

An outcome of 'appeal upheld' will have found that we have not consistently or fairly applied our policies, processes and procedures. The Appeal Outcome Report will detail the remedial actions to be completed and appropriate timescales for completion.

An outcome of 'appeal rejected' will have found that we have consistently and fairly applied our policies, processes and procedures. The Panel's decision is final, and no further appeal will be accepted

Where the appeal relates to our actions or decisions regarding a regulated apprenticeship and you remain dissatisfied, you may contact our regulators. Our Regulator will require evidence that you have fully exhausted our appeals procedure.

Policy Review Arrangements

This policy is subject to a three-year review cycle, or earlier should any feedback or concern be brought to the attention of EUIAS, to ensure it remains fit for purpose and the process and its outcomes are deliverable.
